Original review       Revision

Title: \_\_\_\_\_

1. For information to the author and editor, how do you rate this paper? Rate in each category, where:

Quality	Excellent	Good	Average	Poor	Very Poor
Novelty					
Significance					
Research methodology					
Clarity, length and writing style of presentation					
Adequacy of citations					
Appropriate for JoEMLS, and of sufficient interest to publish					

2. Is this paper acceptable for publication in JoEMLS?

Yes:       with no change  
             with minor revision(see comments below) and not requiring further referee review.

Not acceptable as is:  needs major revision as described below, and requires review again by referees.

Reject       for the reasons listed below

3. Comments to author and editor, offer suggestions and reasons (Please give as much detail as possible); Add additional sheets if you wish.

**If you cannot return this manuscript with comments in 3 weeks,  
please return it immediately without comments**

Please return signed original to Editor. Reviews are sent to authors  
without identification of reviewers.
